About the College

Solapur, a multi-lingual city, is located in the South Eastern region of Maharashtra. Solapur district, a multi-cultural hub, shares its borders with the states of Karnataka and Telangana. People here speak vernacular languages like Marathi, Hindi, Telugu, Urdu and Kannada. Solapur city was once famous for its textile mills and handloom industries. However, due to the shutting down of various Mills, a major section of the population came under the grip of intense poverty. To make matters worse, the pandemic left no stone unturned in causing more physical problems and mental trauma. A major section of the people in Solapur district belong to the economically lower strata of society and struggle hard to make a living for themselves. But the diehard spirit of the people, not willing to accept defeat, is rising up once again through its own ashes like the proverbial bird Phoenix and emerging successful..... The flight has Begun

This is because people have realized that there is no substitute for knowledge and the significance of education. There are a number of institutions in the Solapur district imparting diverse education and academic facilities to students. Padmashali Shikshan Sanstha, established in the year 1912, is one of the oldest educational institutions which caters to the academic needs of underprivileged students coming from the Padmashali community. The Management runs 24 educational institutions which include primary schools, high schools, junior colleges, technical colleges, night colleges and a women's senior college.

A. R. Burla Mahila Mahavidyalaya was established in the year 1990 with the Arts and Commerce faculty. Having faced a number of obstacles and challenges in the form of infrastructure, student strength, financial aid and much more we succeeded in creating a name for ourselves under the banner of Punyashlok Ahilyadevi Holkar, Solapur University, Solapur. Having traversed these 32 years with determination and dedication we have successfully started with a Research Place in Commerce, BCA faculty, and have increased the number of students in a commendable manner.

Most of our girls are first-generation learners with not a single member in their families had ever entered the portals of a college. Our college chiefly aims at equipping the girls academically so that they do not fall short of facing challenges. We are here to help our students materialize their dreams, fulfil all their aspirations, equip them with the Armour of education and help them develop in a Holistic manner.

To impart education which aim at Quality, Academic Excellence, Social Concern, Personality Development and Character Formation

Making the students competent to face life's challenges by developing them into multifaceted personalities, so that they excel in every sphere of life.

- I. To academically equip the economically deprived girl students through the medium of higher education.
- II. Helping the students recognize and realize their worth by exploiting and harnessing their hidden potential.
- III. Including basic human values and virtues which in turn would create better citizens of them.
- IV. Encouraging students participate to in curricular activities, in addition to academic pursuits.
- V. In addition to this we also aim at reaching out to the community and society through activities of the institution.
- VI. Developing research culture and a spirit of enquiry.
- VII. Focusing upon the qualities like discipline, punctuality and team spirit.
